Men Ready to Take Positions  
in State; Others  
Ready Soon.

Forty-nine Oklahoma veterans of the World War have been trained by the Veterans Bureau and are ready to take positions within this state, if places can be found, according to reports from the Oklahoma City office.

There are also 45 men in other states in this district who have expressed a desire to work in Oklahoma if work can be secured for them. During the past two months positions have been secured for forty-six men, the report states.

The Oklahoma list includes bookkeepers, stenographers, telegraphers, forgers, rural mail carrier, autoservice manager, auto ignition men, poultrymen, stock judge, office clerks, journeymen, hotel manager, cleaner and presser, secretary, oil chemist, auto mechanic, power plant operator and shoe repairmen.

An appeal is made to the employers of the state to place these men when there is an opening. Further information can be secured from the Oklahoma City office, at 208 Main building.

## INTRODUCING THE REAL FLAPPER

Mabelle Woodland

Gaze on a real "flapper type," all who have purred over the 1922 addition to feminine pulchritude. A committee of distinguished artists selected 18-year-old Mabelle Woodland of Swampscott, Mass., as the "Typical American Flapper" from thousands of photographs submitted in the contest of the Flapper Magazine. The prize winner upsets lots of flapperish gossip. She shuns powder and paint! She is a good housekeeper—and likes to cook! And what is more, she goes to bed at 9 and gets up at 6.

## RAILROAD SUPERINTENDENT URGES IRRIGATION

LAWTON.—"All you need is the fighting spirit. If you can't beat the same lick it."

That was the advice given to the Kiwanis club today noon by J. K. McDougal, superintendent of the Rock Island railroad, in a talk on irrigation. "I've got the land. You've got the water," he continued. "All you need is the fighting spirit to put it over and make Lawton one of the best towns in the state."

## Paying Gold Found While Excavating On Building Site

HELENA, Mont.—Workmen employed excavating for an apartment house in the heart of the fashionable west side residential district here have uncovered what the old-time prospectors would term a very promising-looking pay streak.

A well defined vein of gold-bearing quartz overlying a wall of lime slate is exposed in the pit and samples of the rock taken out showing a streak of colors. Contractor R. C. James, in charge of the excavating, has taken samples of the quartz to a government assayer to determine its value.

Even a trace of gold at the discovery would indicate the possibility of a rich deposit of ore at no great depth, local mining men said. The location is not far distant from the original discovery of placer gold in Last Chance Gulch in the spring of 1864.

## Bud Ballew Guns Bear No Notches; Prized by Widow

There has been a lot said about the two guns worn by Bud Ballew at the time of his death in Wichita Falls, Texas, according to Mrs. Ballew and to discount some of the stories she brought the pair of "six-guns" to the Ardmore office Monday afternoon.

The guns reveal no signs of notches on the handles as has been reported, nor are the guns inscribed with his name.

One of the guns, a pearl-handled, hand-engraved, nickel plated silver mounted pistol, which was given to Ballew when he was ordered to Lawton by Governor Robertson during the Go-

## Let Us Help You Get Ready for Thanksgiving

Perhaps you will have guests over the holiday; at any rate you will have parties to go to.

And both situations indicate needs which we can help you with.

Not only your clothing, but such household articles as pillows, table runners, drapes, couch covers, curtains and rugs should be dry-cleaned.

It is dangerous to try to cleanse with gasoline at home. It is not worth while risking being burned to death, or even risking having garments ruined by unskilful work. Real dry-cleaning calls for real skill.

Happy Results in Both Cases

St. Joseph, Missouri.—"Both of my sides swelled and hurt me so that I could not move or do any of my work. There was heavy pressure and pains through my lower organs and the doctor told me to try Lydia E. Pinkham's Vegetable Compound for these troubles. He said I had this one chance, and if the Vegetable Compound did not help me nothing but an operation would. After taking several bottles I felt it was helping me and now I am able to do my own work. If my testimonial will help others I shall be glad for them to read it and hope your Vegetable Compound will do them as much good as it did me." — Mrs. WM. LOCKMAN, 513 N. 4th St., St. Joseph, Mo.
